MAJ. JEFF DAVIS, USAF, RET.
STATE DIRECTOR

October 2011

Dear Friend,

We have learned a lot this past summer and fall . . . about the sewer system. Good sanitation requires that you have a well-functioning sewer system. The seals that connect these underground pipes have failed, and now our township is replacing the entire system to protect the health of its citizens.

Frankly, it is a mess! Huge backhoes, construction vehicles, and road repair equipment have clogged our streets for months. Once the pipes are replaced, then the complex process of rebuilding the streets and roads will begin. Laying a solid foundation for traffic that will use these roads is critical to a successful project. The road has to be built on a good foundation; if a good support structure is not put in place, then all the effort these construction men have poured into the work will go for nothing. The road must be able to stand up to heavy use!

The pipes before the trenching

Getting into the driveway on our home street is not easy!

This need for good infrastructure . . . a solid foundation, reminds me of what we are trying to accomplish daily through the ministry of CHILD EVANGELISM FELLOWSHIP OF EASTERN PA, INC. It is our goal to be used of God to help lay a scripturally sound foundation in the lives of boys and girls. That work has to be done very carefully, one step at a time, and to do a good job, it cannot be rushed.

Scripture says that children learn good Bible doctrine **“precept upon precept; line upon line . . . here a little, and there a little” (Isaiah 28:10)**. To me, this means a Good News Club, a Released Time Class, or an After School-In School Club! As you read this, our fall ministries have begun. Teacher Training Classes have taken place across the state, as teachers and helpers prepare to share the Gospel through the Bible lessons this fall. Will you join me in praying that God moves in the hearts of boys and girls who attend these clubs? It is our sincere desire to serve the Lord by helping to lay a solid Biblical foundation in their lives.

Attached you will find a report from the ministry last year. It shows that God is at work! Thank you for your prayers, your help, and your care for us. We are grateful to each of you for making this ministry possible. It takes time to lay a good foundation, but it is God’s will that **“not one of these little ones should perish” (Matthew 18:14)**.

For your servants in Harrisburg,

Jeffrey M. Davis
State Director
